GLASS & GLAZING

We manufacture a wide range of quality glass & glazing solutions

Double & Triple Glazed energy efficient sealed units

We supply made-to-measure double glazed and triple glazed sealed units to your specifications. Our Double or triple Glazed Sealed Units are suitable for both Doors and Windows. We offer many custom options to make ordering replacement sealed units as easy as possible. All units comply with British Standards BS EN1279 Parts 2 & 3.

Double Glazed Sealed Units

Our Double Glazed Units are offered in a range of different shapes, glass types, thicknesses and gas types. This comes in particularly useful when replacing a window and needing to matching it to existing ones.

- 4mm Low E / Glass
- Black superspacer
- Argon gas filled
- Min thickness 12mm
- Max thickness 44mm
- U values 0.8 - 1.7
- Energy rating A++ - C
- Guarantee 10 years

Triple Glazed Sealed Units

Triple Glazed Units provide the best possible energy efficiency thanks to the three panes of glass, which can be further improved by opting for Gas Filling, utilizing the two spaces created between the three panes of glass.

- 4mm/4mm/4mm Glass
- Black superspacer
- Argon gas filled
- Min thickness 20mm
- Max thickness 66mm
- U Values 0.8 - 1.1
- Energy ratings A++ - A
- Guarantee 10 years

Kitchen Spalshbacks

Discover our range of stylish kitchen splashbacks to complement your kitchen. Choose from classic kitchen glass splashbacks, modern porcelain kitchen splashbacks and innovative aluminium kitchen splashbacks, all easy to clean, heat-resistant and easy for DIY enthusiasts to install.

Protect your walls with specialised kitchen cooker splashbacks, designed to withstand heat and grease, or make a statement with splashbacks for your kitchen walls available in various textures and colours.

A huge range of Decorative Glazing Available

Express your individual style while allowing maximum light into your home with Decorative Glass. Our range of traditional and contemporary styles has been strengthened by the addition of two brand new designs – Pilkington Tribal™ and Pilkington Cassini™ – inspired by the latest trends. The new, expanded range gives you the ability to maintain privacy providing the optimum blend of form and function.

Frameless Mirrors

Cut to size frameless mirrors from the UK's leading domestic and commercial mirrors and glass processor and supplier. We can supply many types of mirror including 4mm and 6mm silver mirror, tinted and antique mirror mirror glass. Bespoke mirrors are cut to size using the latest CNC machines, ensuring an unrivalled service to the customer.

All our mirrors are made to measure and available with or without holes and mirror screws, safety backing, polished edges or cut outs, usually within 7 working days.

Glass Balustrades Specialist

One of the secrets to great interior design is paying attention to the details. By adding practical and attractive elements you can enhance the functionality, comfort, appeal and value of your property. Sesku can provide you with a range of specialist products that will increase the liveability and practicality of any property. Contact our team to arrange a quote.

Adding a glass balustrade will enhance the safety of your home and give it a modern look. Glass balustrades are strong, highly durable and simple to keep clean. They will also allow more light to flow through your home.

Apart from providing safety and stability to your staircase, hand rails are also a great aesthetic addition to the home. By carefully choosing the material of your hand rails, you can accent your home's colour scheme and increase its overall appeal.

Blinds in Glass

An integral blind is a blind inserted between two panes of glass separated by air or insulating gas. It is an aesthetic and functional solution that improves thermal insulation while reducing heat loss and energy costs. Sun Bell double glazing blinds are elegant, functional, easy to manage, manual or motorised.

Good reasons to choose Sun Bell®

Thermal insulation
Our integral blinds offer exceptional thermal insulation, significantly reducing heat loss and keeping your home comfortable all year.

Control System
Easy and effortless opening and closing of the blinds, whether with manual or motorised control, with Smart control unit and Ai-Sun App.

Elegance
Modern and functional blinds add value where installed. The integration of the blinds inside the double glazing makes them resistant to wear and tear, with little maintenance.

Energy saving
They reduce heating and cooling costs and protect the environment by increasing the energy efficiency of buildings.

Available in a range of colours

- White
- Dark grey RAL 7016
- Cream RAL 1013
- Mid grey RAL 7038
- Light grey RAL 7035
- Silver RAL 9006
- Black RAL 9005

Smart control unit and Ai-Sun App

You can manage blinds, tilt slats, create light scenarios (and much more) from your mobile in just a few taps. App Ai-Sun. The SMART control unit allows the control of the blinds (even if previously installed) via Ai-sun application, available for free for both iOS and Android Systems. It is possible to control the blinds remotely with tilting, raising and lowering functions.

Single, group and general controls are available too. You can also set a weekly schedule, using time (plus dynamic dawn and sunset times) and weekday as trigger. Control via Alexa and Google Assistant is available. The SMART control unit offers all the functions of the standard control units: wall switches, home automation system controls, radio remote control.
